

MicrolImages Announces Pricing Changes and a New Client Referral Program

April 2014

Large-Format Printing and Rendering (\$1500 value) Now Included in TNTmips Pro 2014 and TNTedit 2014 at No Additional Cost

TNTmips and TNTedit 2014 now include at no additional cost the capability to print layouts to any media size and to render to tilesets of any extent. This is a \$1500 savings over the cost of the formerly separate large-format printing option. Download the latest updates of these products (16 April 2014 or later) to get this capability.

Uniform TNTmips and TNTedit Pricing for All Nations

Pricing for all nations is now the same as the former U.S. / Canada / Mexico (NAFTA) pricing. A purchaser of a single-user TNTmips 2014 in non-NAFTA countries saves \$1000, and for TNTedit saves \$600.

Discounted Pricing for Upgrades to TNT 2014 Before June 1, 2014

Upgrade prices to TNTmips 2014 and TNTedit from older (pre-2013) versions will be increasing as of June 1, 2014. Upgrades purchased prior to that date will receive a significant discount from previous published prices. Contact MicrolImages or your local reseller to order and receive the discount prices listed below.
